

FUNDAMENTALS OF INTERACTIVE DESIGN [Armato]
Assignment #4 – Dreamweaver 101 – [10pts]

This assignment will result in a 5-page mini website that begins on your Assignment 04 page. All of the necessary files for this project should be contained in your `assignment04` folder.

PART A (in-class): *Site Definitions and familiarization with interface:*

As always, make sure you have a current local copy of your OLS web site (public_html folder inside of your class folder) on the Student Drive. Create a *site definition* in Dreamweaver and Export it to save the definition into your class folder. Show the resulting .ste file to the instructor or the TA before you continue. Open one of your assignment pages using Dreamweaver's file manager. Familiarize yourself with Dreamweaver's interface and workspace by inspecting the page. **DO NOT SAVE ANY CHANGES TO THIS PAGE.**

PART B: *Five-page mini website in Dreamweaver:* Create a five-page website that profiles 4 of your favorite artists. Each page must contain an image of the artist's work, background information about the artist, and MLA citations of your sources.

1. Create an *images* folder in your *assignment04* folder.
2. Place the image files (optimized and rescaled if necessary) in this new folder.
3. Create 4 blank HTML documents (one for each piece) and save them with appropriate file names in the appropriate location.
4. Edit your Assignment 04 page to be an introduction to you as an artist and these four influences.
5. Create links to navigate between all 5 pages.
6. Add the images, text and citations to the four new pages. Each image must be optimized and have appropriate *alt* text. The images must be no larger than 640 x 480 pixels and should be less than 50 kilobytes.
7. If you are looking for an additional challenge, use HTML tables to control the visual layout of your pages.
8. Add a sentence or two to your Assignment 4 web page explaining what you learned about Dreamweaver.
9. Date it.

DUE: Uploaded to your OLS server by the beginning of class Tuesday, Week 5 (8/12)
