

USER CENTERED DESIGN [Armato]
Homework #1 – Information Graphics Icons – 100pts

Process

Observe information graphic icons that you encounter in your normal daily life. Photograph 25 of them that you feel are worthy of discussion. These can be both good and bad examples. Pay attention to iconic images that have become a normal part of our daily language.

Research Information Graphics. Here are some topics to get you started:

- Accessibility
- User Centered Design
- Information graphic icons
- Wayfinding
- Infographics
- Signage Systems

Expected Presentation

You will present your findings on screen to the class. Create a multi-paged PDF with one photograph per page centered on the page. Each image should be cropped identically with the graphic prominently displayed. Description of image/meaning of icon is to be included with each image.

DUE Week 2.1 (Tue, 10/14) by the beginning of class

The PDF needs to be titled *lastnameHW01.pdf* and placed in the following folder:
DropOff/TimArmato/UCID/
